

Our menu is highlighted with the freshest locally-sourced seafood, premium cuts including grass-fed, free-range and organic meats and chef-curated offerings. Chefs Jera Hughes and Jim Carruth seek out inspirations from around the country, but draw their primary influences from the amazing seafood bounty that the Gulf has to offer. We work directly with the region's top fishing vessels and cottage purveyors to take the "boat to table" concept to new heights and introduce texture and flavor profiles that delight the senses. We also partner with one of the nation's leading farms, White Oak Pastures - a 150-year-old multigenerational family farm located in Bluffton, Georgia, and one of the largest certified organic farms in the South. The farm has been heralded throughout the world for its natural approach to raising and developing its livestock, and delivers the highest quality of grass-fed meats today through the utilization of a highly-specialized Serengeti Rotational Grazing Model.
